07972 591 311

Fridays 12.30 - 1pm
£5.25 per session

4 lessons in Term 1 starting on 18th September

Your child is invited to come along to a weekly French club. We teach everyday practical French to give your child confidence in the spoken language.

With games, craft, cooking, songs and drama we will bring French to life and inspire your child to love learning the language. Your child will collect stickers and certificates to mark their progress and be actively involved in their learning journey.

Annual club membership £12.50 - this includes a CD/songbook, handbook and free access to online interactive website (value £69)
(25% discount for 3rd child)

Dear Parents

I would love to invite your child to our weekly French club.

As you will know, learning a second language has many benefits:

- it increases critical thinking, creativity and flexibility of a young mind
- it has psychological benefits and helps to increase self-esteem and confidence
- memorising rules and vocabulary helps children to strengthen their mental muscles
- pupils learning a foreign language outscore non-language learning peers in verbal and maths standardised tests.
- develops a curiosity for different cultures and ideas
- develops empathy for others

By starting in KS1, your child has the benefit of being able to mimic new sounds and achieve greater pronunciation without any embarrassment or inhibition. Their brain is open to new sounds and patterns and hence they are better equipped to retain the foreign language.

The pride that I see in the children when they perform their end of term French play to parents is tangible and it is wonderful to hear them speak with authentic French accents.

Some of the feedback I received last term from parents is below:

- ***I just wanted to say a massive Thank you for the French classes you have taught. My daughter has loved every class and comes home so excited about what she has learnt with you***
- ***You bring fun and resourceful learning to your sessions.***
- ***Many thanks for Henry's French course. He comes home enthusing, saying he's had the best time.***
- ***I was stunned by Izzy's french last night, I can't believe how much is going in.***

Please don't hesitate to book your child in for the first lesson on Friday 18th September to try it out. I would love to see them there and of course if they don't like it, you will not be charged for the session.

Kind regards

Anna-Kate Fuller
